

**Krystal Otworth** is a Policy Advocate with Leadership Counsel for Justice & Accountability. She holds a Bachelor of Science in Marine Biology from the University of California, Los Angeles, as well as a Master of Science in Social Work with a concentration in Advanced Policy Practice, from the University of Texas at Austin. Her background is in community-led development to promote equitable communities, as well as advancing public policy to build healthy, thriving, and inclusive communities. At Leadership Counsel, Krystal works alongside communities throughout the Eastern Coachella Valley on projects and policy advocacy related to climate resilience, air quality and energy.
